FAST *We are quick to respond
and get you to market*

*We will work to get you
what you need* **EASY**

SAFE *Full Class 4
machine safety*

*Most complete line of
sealing equipment* **COMPLETE**

*FAB/PH6-1824-CS - automatic rotary heat seal & cold seal machine
for pharmaceutical wallet packages with internal and external card fold-over*

- 1 - Automatic wallet blister card feeder
- 2 - Automatic pill pack product feeder
- 3 - HMI / PLC - touch screen control
- 4 - Automatic internal card fold-over prior to sealing
- 5 - Robotic unload with eject / reject station
- 6 - External card fold-over prior to pack out

BLISTER & CLAMSHELL PACKAGING

MEDICAL / PHARMACEUTICAL PACKAGING

Starview offers the most complete line of blister and clamshell sealing machines in the industry. Each machine group has multiple seal area sizes and configurations. Starting with manual shuttle machines to semi-automatic rotaries to fully automatic rotaries, carousels and inline machines. Ideal machine models are available from startups, to contract packagers to high volume CPG companies.

Starview offers the most advanced line of medical device and pharmaceutical sealing machines in the industry. Your ability to calibrate, validate and harness data for CFR21 part 11 compliance is all at the touch of a screen. Documentation packages are available for IQ, OQ, PQ, FAT, SAT, VDS, MD, FDS, EFMEA SHDS and risk analysis.

Starview offers a full line of skin packaging and food tray sealing machines. Each machine group has multiple seal area sizes and configurations. Companies choose Starview equipment for our high quality, ease of doing business and fast to market shipments. When matched up with our extensive distributor network, you will have service, quality and delivery right when and where you need it.

At Starview we love to take on customization and automation projects. We also offer many standard and custom options for our machines. Value added features include ink jet or laser printing to product detection, bar code/lot code reading with vision systems that tie directly into eject/reject solutions for maintaining validated/verified good packaged product. We also offer front end product infeed systems meeting orientation specific needs to end of line collation and pack out systems.

FOOD TRAY & SKIN PACKAGING

SYSTEMS WITH AUTOMATION & INTEGRATION

the **STARVIEW** **ADVANTAGE**

Starview's strong in-house design, manufacturing, assembly and service teams will deliver the best possible results in a timely manner. Our Starview team will bring you the best sealing machine experience in the industry. We offer the most complete line of packaging equipment in the markets we serve.
